

## **The Contributions of OASIS: A campus-based, organic, Community Supported Agriculture farm**

Falk, C.<sup>1</sup>, Pao, P.<sup>2</sup>, Cramer, C. S.,<sup>3</sup> & Silva, E.<sup>4</sup>

Keywords: organic, Community Supported Agriculture, experiential education, university farm

### **Abstract**

*In this project, more than 500 flower, vegetable, and herb varieties were grown on an intensive, subsurface irrigated, organic student farm, using the Community Supported Agriculture framework, in the high desert in southern New Mexico.*
