

Farmers and Consumers Build Fair Local Food Systems around the World: Teikei/CSA/ASC/AMAP/Reciproco/Voedselteams

Henderson, E., Joncas, I., Hashimoto, S., Vuillon, D.

Keywords: local food systems, community supported agriculture, teikei, fair trade

Abstract

The emergence of Teikei/CSA/ASC/AMAP/Reciproco/Voedselteams shows how consumers and farmers in many different localities are responding to the same global pressures by organizing fair local food systems distinctive to each culture. On this panel, CSA farmers and organizers from four countries compare experiences and project future directions.
