

**Friday 3rd December 08:00 - 09:30 (CST Mexico)  
Universidad del Caribe, Cancun, Mexico  
and Globally via the Web**

## **A dialog session with Hans Herren, and the IFOAM CoP 16 delegation in Cancun, Mexico and IFOAM Associates World-Wide**

**not just CARBON**

**08.00: Andre Leu, IFOAM Vice-President – In Cancun**

Opening and welcome. What is IFOAM's role and goals in Cancun? Who are we working with and why? Introduction to the IFOAM 'Not just Carbon Campaign'

**08.15: Hans Herren, BioVision, Switzerland (& Kenya) – In Cancun**

Why are small holder systems the solution? Why should those systems benefit from UNFCCC mechanisms compared to industrial agriculture? What are the main findings of the IAASTD report and why they are necessary to be understood in the climate discussion?

**08.25: Member Perspectives & Messages: Mattias Keitel, Sekem, Egypt – Via the Web**

Why will SEKEM be present in Cancun? What are the expectations and challenges at CoP16? What are the key messages to convey?

**08.35: Trade perspectives: Shefali Sharma & Jim Harkness (to be confirmed), IATP – In Cancun**

Is the UNFCCC becoming a massive market based mechanism? And if so what are the risks? How can small producers and the poor be strengthened rather than weakened by policies & mechanisms? How to provide access to climate funds for the poor and facilitate the Right to Food?

**08.45: Patricia Flores, IFOAM Latin America Campaigner, Argentina – In Cancun**

The Latin American Perspective – what do farmers want?

**08.55 to 9.30: Discussion and dialogue with associates – Via the Web**
