

**The World of
Organic Agriculture
Statistics and Emerging Trends 2010**

All of the statements and results contained in this book have been compiled by the authors according to their best knowledge and have been scrupulously checked by the Research Institute of Organic Agriculture (FiBL) and the International Federation of Organic Agriculture Movements (IFOAM). However, the possibility of mistakes cannot be ruled out entirely. Therefore, the editors, authors and publishers are not subject to any obligation and make no guarantees whatsoever regarding any of the statements or results in this work; neither do they accept responsibility or liability for any possible mistakes, nor for any consequences of actions taken by readers based on statements or advice contained therein.

Authors are responsible for the content of their own articles. Their opinions do not necessarily express the views of IFOAM or FiBL.

This document has been produced with the support of the International Trade Centre (ITC), the Swiss State Secretariat for Economic Affairs (SECO) and NürnbergMesse. The views expressed herein can in no way be taken to reflect the official opinions of ITC, SECO or NürnbergMesse.

Should corrections and updates become necessary, they will be published at www.organic-world.net.

Figures, graphs, statistics as well as selected chapters from this book are available for download at www.organic-world.net. Some of these are publicly accessible, others are password protected and have the username: 'organicworld' and the password 'organic2010'.

Any enquiries regarding this book and its contents should be sent to Helga Willer, FiBL, Ackerstrasse, CH-5070 Frick, e-mail helga.willer@fibl.org.

Please quote articles from this book individually with name(s) of author(s) and title of article. The whole report should be cited as:
